

LEAF RELIEF® PRODUCT COMPARISON SHEET

THE MOST EFFECTIVE PATENTED DESIGN

Leaf Relief®'s patented design allows water to flow freely while debris is lifted away from gutters with a gentle breeze. Independent testing proves Leaf Relief® is 100% effective against leaves, twigs, pine needles and small debris.

*It's Gutter Protection
That Really Works.*

Leaf Relief® handles up to 29.7 inches of rainfall per hour. That's almost three times the official rainfall world record (Kilauea, Hawaii at 12 inches per hour).

Leaf Relief® is not only the most effective gutter protection system on the market, it is also the most invisible. Leaf Relief® lays flat and fits snugly on top of your gutter.

PRODUCT	100% debris* efficiency	Fits all roof slopes and never requires gutter repositioning	Installed price	Virtually invisible from ground	Never caves in	Pest resistant (birds/squirrels)

LEAF RELIEF® BENEFITS

Virtually Eliminates Maintenance
Solid aluminum construction. No rusting. No distortion. No painting.

Completely Weather & Pest Resistant
Mounts securely and stays firmly in place to resist high winds, heavy amounts of snow and ice, ladder damage and pest invasion.

Fits Standard Gutters
Available in 5" and 6" sizes to fit new and existing gutters.

Also Available in Copper
5" and 6" retro-fit copper for most existing gutter systems

Simple Installation
Mounts directly to gutter. No lifting shingles... which may cause other repair headaches or void your roof warranty!

Keeps Water Flowing
Patented Aluma-Perf™ technology keeps leaves, needles, seeds and twigs out... and off...with a gentle breeze.
